Jet Propulsion Laboratory Edwards Facility,
Assembly Building (Building 4260/E-61)
Edwards Air Force Base
Boron Vicinity
Kern County
California

HAER No. CA-163-Z

Photographers' Credits:

Credit BG: Photographs by Brian Grogan, Photography &
Preservation Associates, Inc., September 1995

CA-163-Z-1

Credit BG. The north and west sides of this structure appear as seen when looking east (88°). Building E-67, the tunnel entrance, gives personnel access to the tunnel system. The Assembly Building served as a shop for test crews; it contained a small lathe and other tools for making specialized parts. No explosives were allowed in this structure. Air conditioning ducts are on the roof.

CA-163-Z-2

Credit BG. This view shows the south and east sides of this structure. The tunnel entrance is at left. The barricade in the distance shields the Assembly Building from any accidents at Test Stand "E" (Building 4259/E-60).
